S/DAY JOHN

How are you going in Paradise? I'm going ok, but shifted from one joint to another. I went from ACACIA to Midland Hospital for 9 days, then to Casuarina for one night, then to Merdoch Health Campus where I am now. It's good here, single room that is that big you could fit 4 Acacia cells in my room, big arse TV, video player my own fridge and the bed goes up & down at the push of a button. The sliding doors where you can go out in the garden, or see the garden from my bed. AMANDA & MELISSA flew straight over when they found out that I'm injured. They got here on Tues & go home on SAT, and they haven't left the joint hardly at all. They are bloody good girls!

We have been talking, and come to the conclusion that im the luckiest person on earth to have met & become close friends with you (JFK). Words cannot explain my feelings that I have for your friendship/mateship. Dont give up on going over to Vic to Melissa & Scott so you can see the real world. It's a sad state of affairs that I would be able to share that experience with you, as I was looking forward to that. I can't thank you enough for all the work that you have done for me. Keep in touch with his, as she will be expecting it. Put her no back on the system. Her No is 0260 [REDACTED]

Well mate there isn't much more except that I could be gone soon when???. Good by my best mate I'll love & miss you FOREVER.

G'Day John!

How are you going in paradise? I'm going ok but shifted from one joint to another. I went from Acacia to Midland Hospital for 9 days, then to Casuarina for one night, then to Murdoch Health Campus where I am now. It's good here, single room that is (so) big you could fit 4 Acacia cells in my room, big arse TV, video player, my own fridge and the bed goes up and down at the push of a button. The sliding doors where you can go out in the garden or see the garden from my bed.

Amanda and Melissa flew straight over when they found out that I'm buggered. They got here on Tues & go home on Sat, and they haven't left the joint hardly at all. They are bloody good girls.

We have been talking, and have come to the conclusion that I'm the luckiest person on earth to have met and become friends with you (JVR). Words cannot explain my feelings that I have for your friendship / mateship. Don't give up on going over to Vic (Victoria) to Melissa and Scott so you can see the real world. It's a sad state of affairs that I won't be able to share that experience with you, as I was looking forward to that. I can't thank you enough for all the work that you have done for me.

Keep in touch with Liss, as she will be expecting it. Put her no (number) back on the system. Her No is 0260XXXXXX.

Well mate there isn't much more except that I could be gone soon - when?

Goodbye my best mate. I'll love you and miss you forever.

Stuart
